n)	7000 Million and above	2 000 000.00

3.2 Total annual sales category will be determined on the average of the total sales values of preceding three years. The annual fees corresponding to the category thus calculated are payable on a quarterly basis.

3.3 If the operational cost is more than 20% of the annual fee to be paid based on total sales values, the balance is also payable, in addition to the fee payable based on the total sales value.

3.4 For testing carried out as verification of corrective action taken, subsequent to any product failure, the cost of testing has to be fully borne by the Permit Holder and will not be included under the operational cost.

3.5 Concession

If any Permit Holder possess more than five Permits under his own brand name, a 5% concession would be given for each additional Permit he possesses considering the Permits with least fee categories. This concession would be granted on the fee applicable on total sales value (and not on fee calculated considering the operational cost).
(This will be implemented from 2013-01-01)

3.6 Other Fees payable

a) For extension of scope of a Permit - LKR 2000
b) For re-issue of a Permit due to changes (eg. Addresses, Company name etc.) – LKR 2000

3.7 In addition to above, Government taxes as applicable, are payable. (VAT is not applicable to the transport cost)
